

Social AdVentures

Social adVentures is dedicated to helping people and communities in Greater Manchester live healthier and happier lives, by providing a variety of interventions designed to help people take control of their lifestyle and to be less reliant on more serious intervention in the future.

CHALLENGE

Social adVentures is a wellbeing social enterprise specialising in health, children's services and social care that run alongside social businesses such as childcare nurseries, training, a community gym and forest schools.

SOLUTION

They used social investment to purchase, open and run their first purpose-led residential children's home in Salford, Greater Manchester.

REVENUE

Income is generated through providing these essential services to local authorities.

IMPACT

The residential children's home, Oakview, will place children between the ages of 8 and 18 and will provide up to three children with a safe and stable place to call home.
