

Rose Tinted Financial Services C.I.C

Rose Tinted Financial Services offers Personal Financial Support and Mental Wellbeing Services for people from all backgrounds and ages who are in debt, just live from paycheck to paycheck and are struggling to take control over their financial situation provoking a negative impact on their mental health.

CHALLENGE

Grant payments were scheduled for a later date. As they worked to expand their services and impact, investment was needed to sustain both existing and new services.

SOLUTION

The investment enabled them to bring their project to life by covering not only essential costs such as staff salaries and room hire but also helped them secure additional finance via grants and contracts.

REVENUE

Rose Tinted Financial Services generate revenue by selling goods and services to not for profit businesses and public sector bodies

IMPACT

This financial support ensured the project's sustainability and also had a great impact on the individuals they help. With dedicated staff in place and accessible spaces to deliver their services, they were able to provide consistent, high-quality support to those in need.
